INTEGRITY SINKS

The sink that changes everything

THE ORIGINAL QUARTZ

integrity
by COSENTINO

Total Integration

No pieces, no limits. Integrity wants your kitchen to be whole; a place where there is no start or finish. Integrity gives you the sensation of unity, of perfect integration with the rest of the elements of your countertop.

This most innovative product launch boasts all the remarkable characteristics of Silestone® that make it the premier product on the market. These features include: high scratch resistance, durability and of course the highest performance in terms of design and guaranteed bacteriostatic protection.

Endless color possibilities. Harmonious design flow. Simple installation. No limits to the imagination.

Silestone® Integrity **One**

In One Piece

ONE is the model that defines the concept of Integrity. A single sink, in one piece, measuring 41 x 51 x 15,5 cm., ONE is, with its curved outline, the perfect choice for lovers of fluid design and originality.

Silestone® Integrity **Due**

Straight Lines

Due sinks are available in three different sizes: **37 x 24 x 15'5 cm**, perfect for the double sink; **37 x 51 x 15'5 cm**, perfect for a unique or main sink and **43'5 x 67 x 21 cm** with its big size and functionality that make a wide and workable area.

Unique sinks with desirable straight line finish and the original Silestone beauty and performance.

Easy Installation

The undermount sink can be installed quickly and with zero complications.

A specialist fabricator can also install the sink without the need for any special tools.

Integrity comes with everything needed for a perfect installation. All accessories such as drain valve, safety telescopic rods*, appropriate screws and/or silicone in the same color as the sink are included in the package.

Easy Cleaning and Maintenance

Under no circumstance were we going to offer Integrity without all the qualities that make Silestone® a leading product!

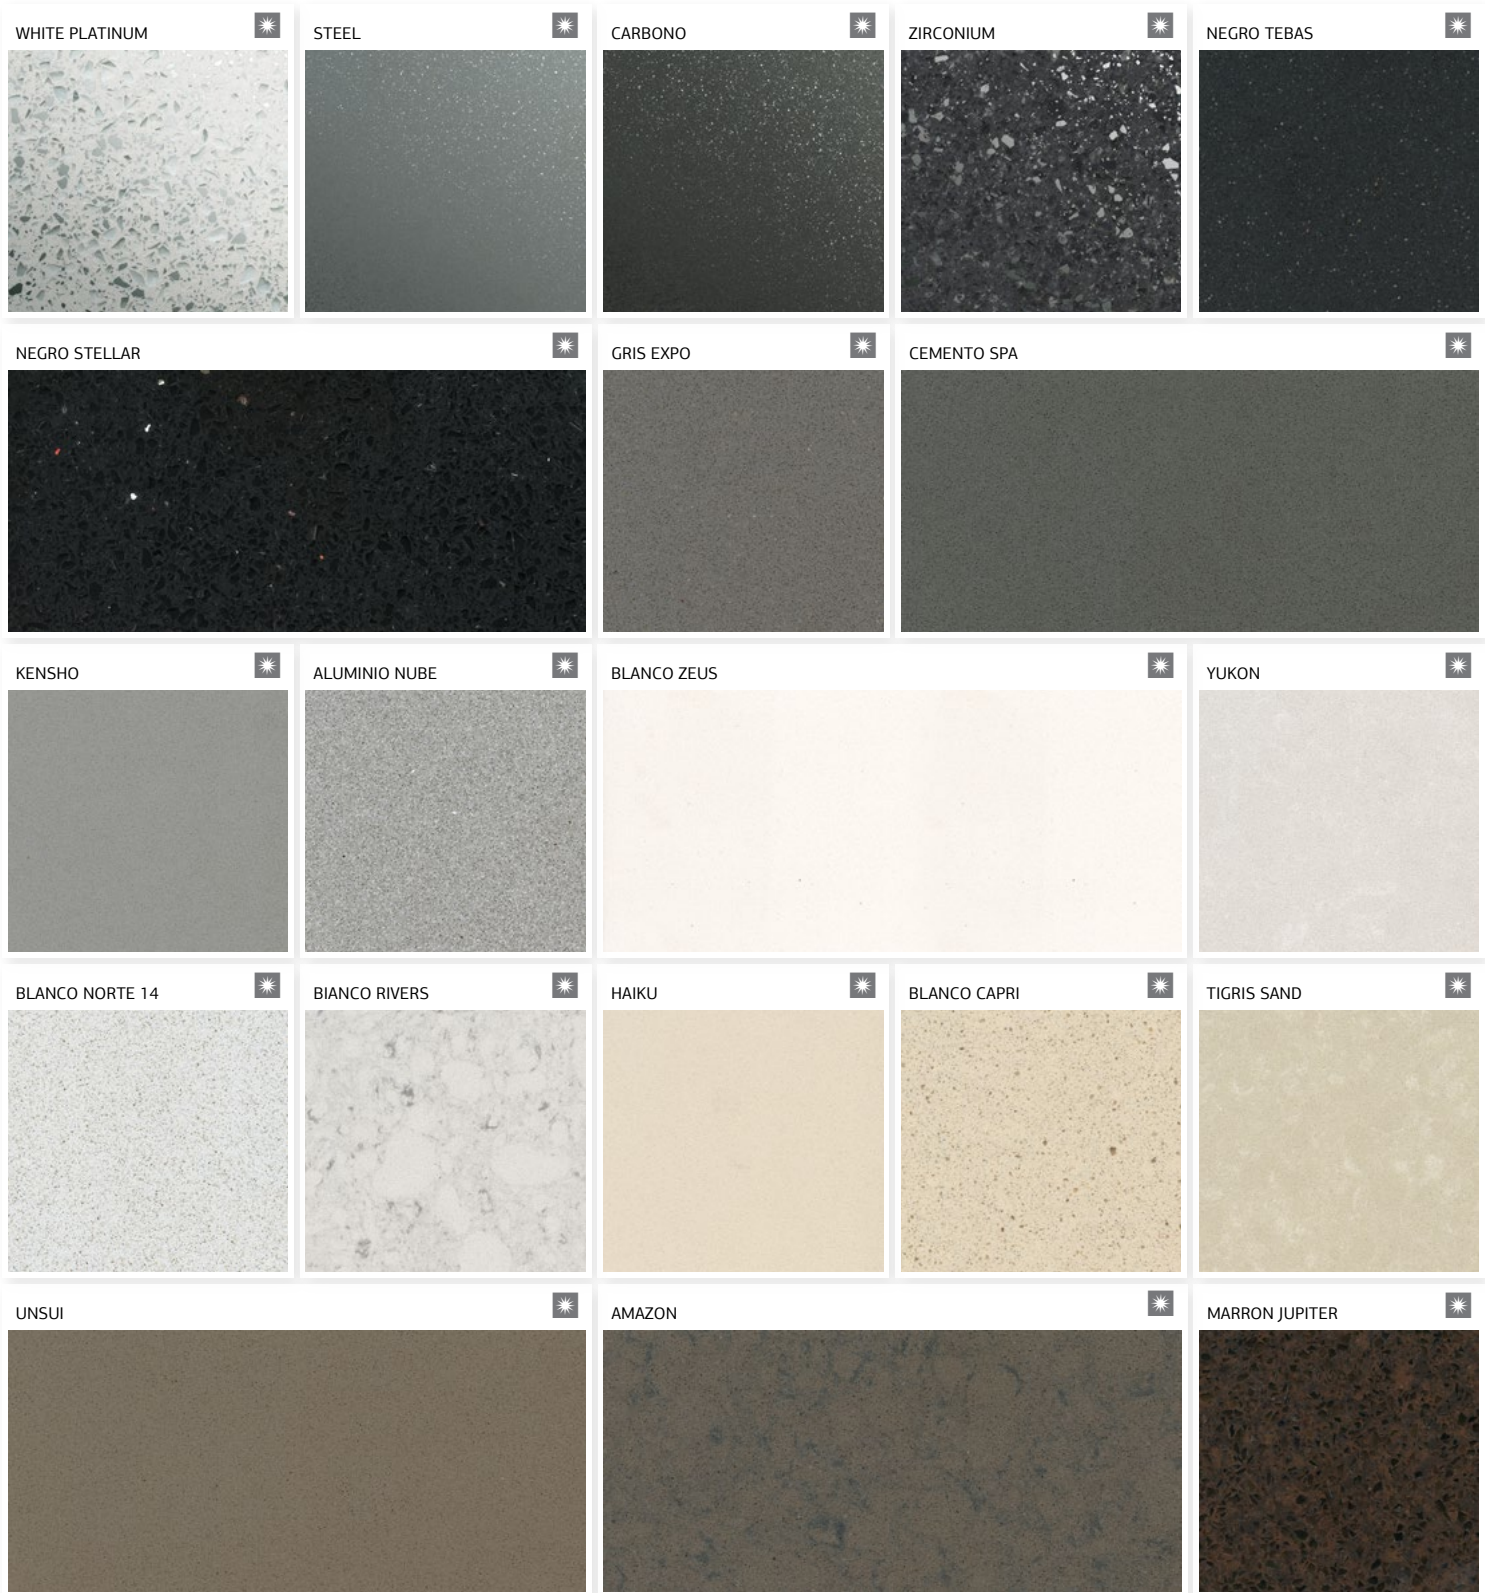

Spill resistance, durability, excellent physical-mechanical properties and bacteriostatic treatment makes the surface the most hygienic - these are all within the 'DNA' of Integrity.

Easy to clean, the sinks only require a few helpful hints of use: explained clearly and accurately in the manuals included with the product.

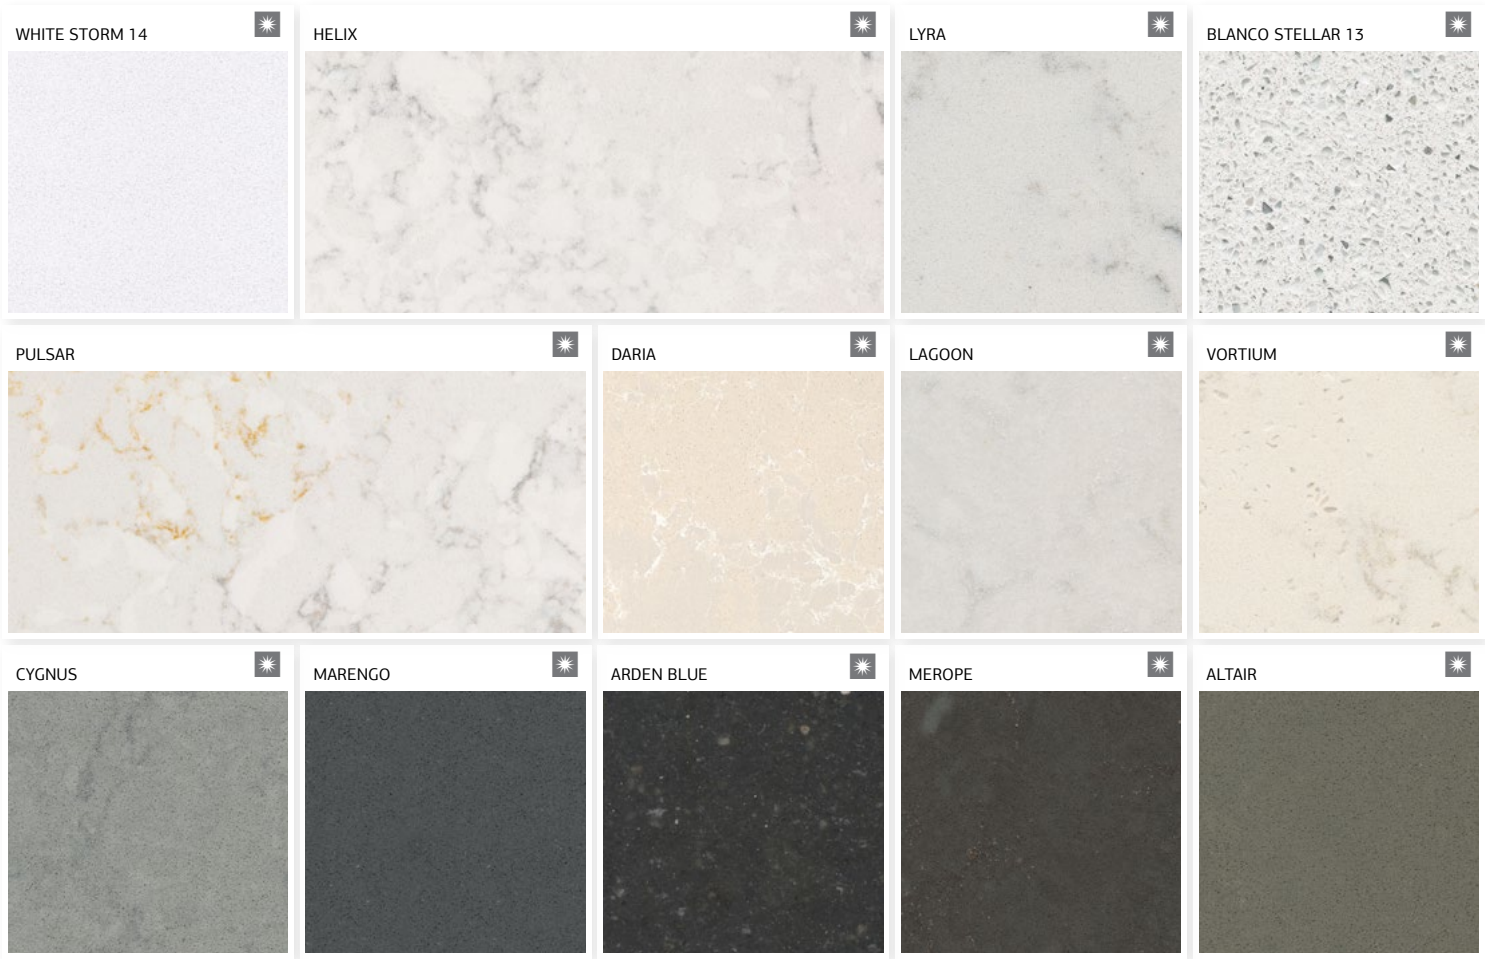

Warranty Certificate

Integrity has CE certification. We have conducted all tests required under current regulations to ensure that Integrity does not disappoint even one of our clients.
